DÉGUSTATION

Ruby red in colour, the nose of this wine is precise, deep and racy from a whole bunch vinification, from which we can sense the quality of the fruit as well as the structure of the wine.

The palate is pleasant with its finesse and its fruit and terroir dimension at the same time. It is necessary to take time to taste this wine. Let it "digest" its fruit. The ripe tannins make this wine full bodied, powerful without losing any elegance, beautiful aromatic length while keeping a great freshness.

Despite a concentrated feel, this wine has a brightness and energy that will make it drinkable and tasty in a few years.
